

## *Scam of the Week™*

**March 23, 2012**

**The World Tour continues** Sunday with the [Capitol 10,000](#) where The Reverend Tony™ will again be feeding the children with Krispy Kreme™ donuts [at Enfield Road just west of the Lamar bridge](#). So be early and be often as the childrens gets mighty mighty hungry by the two mile mark.

**Joke of the Week™** - When ordering at a fancy restaurant, a man asked the waiter, “How do you prepare your chicken?”. . . . visit [The Reverend Tony™](#) for the **Joke of the Week™**.

**Password** tonight is [Drive](#). Peace, love and margaritas, I remain The Reverend Tony™.

**Polyticks** - The Keystone XL pipeline would not have to be extended to Cushing much less to Port Arthur if there were refineries in the upper Mid-West such as Steele City, KS.

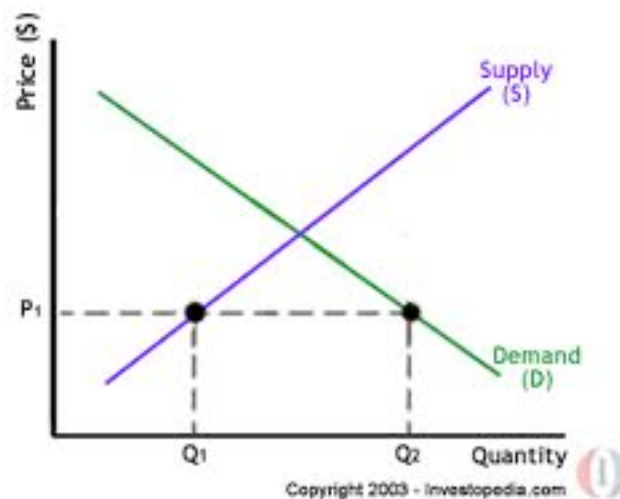

Laris Karklis/The Washington Post

And why doesn't [TransCanada](#)<sup>TM</sup> just upgrade the existing Keystone pipeline which already has rights-of-way, permits, grandfathered, etc? **Sun Hing** say is because of the oil shale of the Dakotas especially in the Black Hills which the proposed Keystone expansion will cross.

### [If I Were President](#)

Light, sweet crude settled at \$105.35 up \$0.24 or steady freddie as natural gas falls \$0.10 to \$2.269.

More production of natural gas such as the [Eagle Ford Shale](#) results in a lower price, such as Economics 101

[2 dead last week](#) in The War Without End, Amen<sup>TM</sup>.
