

Scam of the Week[™]

April 19, 2013

World Tour continues at [Old Settlers Music Festival](#) which always brings rain such as Laguna Gloria Festival always did and [MotoGP at COTA](#).

Joke of the Week[™] - An ambulance chasing lawyer picked up a lady who had been knocked down by a city bus. "Here's my card lady," he said, "I'll get you damages." "Don't be an idiot," snapped the lady as she dusted herself off. . . . visit [The Reverend Tony](#)[™] for the [Joke of the Week](#)[™].

RIP [Frank Bank](#) aka [Clarence "Lumpy" Rutherford](#) and [George Allen "Pat" Summerall](#), the voice of NFL football.

[Austin IQ Test](#) should have added [Adams Extract](#) and [Manchaca Fire Hall Kitchen](#) along time ago.

Scam of the Week[™] - El Tigre must have been thinking about something other than golf when he dropped in the wrong place and really must have been thinking about something other than winning the Masters when he confessed to the violation at the televised press conference after signing his scorecard. Or El Tigre bet the field against himself and was really really really thinking about something other than golf if you know what I mean and I think that you do.

Fútbol - Arsenal must now win 5 of the final 6 after dropping two points at home to [Everton](#) in an ugly 0-0 draw as they stomped us early and often. Tomorrow Arsenal [travel](#) to [Craven Cottage](#) for a must win over [Fulham](#), another draw being as good as a loss. From 9:00 am cdt ESPN2.

Password tonight is Goonboggle. Peace, love and margaritas, I remain
The Reverend Tony™.

Polyticks - The Mystery of the Broken Spoke Bus has been solved and
the solution was simple. [In the middle of a Sunday night, the rightful owner
repossessed the bus he had given away 20+ years ago and left a note to
that effect on the front door of the Broken Spoke.](#) NOT!!

The rightful owner of the bus did not trespass on the property in the middle
of night without the consent and probably encouragement such as payment by
the rightful owner of said property which is not the Broken Spoke as the bus is a
liability just waiting to happen. Further, the property is a serious construction site
under 24/7 security which either missed the trespass and repossession entirely
or not. NOT!!!

Anyone with an eye in their mind can see that the new development will
put the Broken Spoke out business despite the “best efforts” of the developers
who received variances for setback, height and density in exchange for
preserving an Austin icon. NOT!!!!

[Light, sweet crude](#) settled at \$87.73 down \$5.78 or 6.2% as natural gas
rose 6.3% to \$4.401. The [€uro](#) is down to \$1.3048.

[2 dead this week](#) in The War Without End, Amen™. 26 for the year.
