

Scam of the Week[™]

September 6, 2013, Austin, TX

The World Tour continues toward the equinox in two weeks when Daylight Savings Time should end and not November 3, 2013.

40 years ago today [**The Wild, The Innocent and The E Street Shuffle**](#)

released during my second week of law school when I met Bert Pluymen who was my TQ and that is a story that cannot be told, yet.

Joke of the Week[™] - How many Aggie fish does it take to change a light bulb? . . . visit [*The Reverend Tony*](#)[™] for the [**Joke of the Week**](#)[™].

Fútbol - [**Arsenal**](#) 1-0 Tottenham which is nice as is [**Ozil**](#) who signed at the death for a club record fee. [**Most of the team**](#) is off to World Cup qualifying which is life or death such as US at Costa Rica tonight only on [**beIN**](#).

Scam of the Week™ - The Reverend Tony™ makes September 15, 2013

as the over/under for Johnny Manziel to explode, big time.

Formule Une - Bernie Ecclestone is still untried for **bribery**.

Football - This will be the last time, maybe the last time, I don't know that Notre Dame plays in the Big House at Michigan which is the Texas equivalent of A&M going to SEC to keep from getting their ass beat every year by UT, mofo!!!

As Bruce Hing say "Someday we'll look back on this and it will all seem funny."

Password tonight is **Kitty's Back**. Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Who knew that Obambi could do the modified limited hangout over Syria? A military solution should always be the case of last resort such as the Republican chicken hawks now finally demonstrate.

Light, sweet crude settled steady freddie at \$108.37 as natural gas falls to \$3.575. The **€uro** is down a bit more to \$1.3120.

2 dead this week in The War Without End, Amen™ = 98 for the year.
