

Scam of the Week™

June 17, 2016, Austin

World Tour returns from New Mexico where the atmosphere is much higher and the chile relleno is most excellent such as

RANCHO DE CHIMAYÓ

Joke of the Week™ A man wins the Lottery and finally has enough money to afford a wife. He hires a search firm which narrows the list to three, blonde, brunette and redhead. The man knows that his wife must be good with money so he gives them each \$10,000 to see how they spend it.

The blonde spends it all shopping and makeover.

The brunette invests it all in the stock market, doubles the investment, returns \$10,000 to the man and reinvests the rest on her own account.

The redhead goes to the nearest roulette and losses it all on Black 23.
