Many of you have asked, "Reverend Tony™, how do it work, *PlaciBox*©™, the Magenta pill, **It Cures Everything!!!** ?

For example, The Reverend Tony™ recommends these doses for an adult over 14.

Ugly Forehead Wrinkles - For regular size faces, dissolve one *PlaciBox*©™, the Magenta pill, **It Cures Everything!!!** in 1/2 cup of *PlaciBoil*™, **The Yucky Green Stuff!!!** then smear the mixture all over the wrinkled area. Let fester for 10 minutes for a one night smoothing and 20 minutes for a weekend smoothing. For those of you with a large face, use two *PlaciBox*©™, the Magenta pill, **It Cures Everything!!!** and double the *PlaciBoil*™ too!

Diarrhea/Constipation - Before sitting down to a hearty breakfast including crispy fried bacon and eggs anyway you like, put one *PlaciBox*©™, the Magenta pill, **It Cures Everything!!!** up your butt. Repeat for seven to 10 days and you will be cured.

Mother-in-law - Dissolve two *PlaciBox*©™, the Magenta pill, **It Cures Everything!!!** in her hearty breakfast including crispy fried bacon and eggs anyway she likes and within seven to 10 days she should be dead. If your mother-in-law is not dead yet, then just empty a .44 Magnum into the back of her head. Then opine to the Sheriff's deputy that it must be the worst case of suicide he has ever investigated and everything will be just fine.

Which reminds me of a parable:

"When your mother-in-law's perfume

Smells like bacon and eggs

She should be dead."

Peace, love and soul, The Reverend Tony, Austin, Texas or thereabouts.
